

Karen Smith, Finance Lead with Regional Responsibilities for North Wales.

What`s Important to me.....

My family.... especially my two daughters who are aged 9 and 14 and keep me very busy!

My friends, who I can always rely on to make me laugh... even when I want to cry.

My job....I try to ensure that I do my job well and support others to do theirs.

Music....especially when I`m stuck on the M6....which happens often! ☹

Being productiveI prefer to be busy although not perhaps as busy as I`ve been recently!

Honesty and straight talking is something which I respect and is the best way to get results with me.

Weekends!!

What others like about me...

My sense of humour...."what d`you call a kangaroo stuck in a lift in Scotland?"....a kangeroot! (said in a broad Scottish accent!!)
Geddit?! ☺

My determination and commitment to seeing things through.

My honesty and integrity.

My speciality nachos with extra hot chillies!!!

How best to support me.....

Be open with me and allow me the opportunity to support you.

Accept that I don`t always have the answer but I`ll always try to find one.

Understand that I might not always be available as I`m often on the road, and be patient.

Email me if I`m not available as I can check and respond at night.

Be honest with me...mind games waste everyone`s time and energy.

Treat me as you expect to be treated yourself and this will be reciprocated always.

Remember that we`re all on the same side!

Let me tell stupid jokes without rolling your eyes!
